

Higher Ground Landscaping

Requires a Landscape Construction Lead Hand

Take Your Career to the Next Level!

Are you ready for a challenge?

Are you ready to learn something new and make things beautiful and functional with your hands?

We are a growing company, designing and creating beautiful outdoor spaces while using eco-friendly methods. Quality, Loyalty, Integrity, and Collaboration are what we're all about! We're looking for new team members to join our solid team and good company culture, working on mid to high-end residential properties.

Are you someone who enjoys the outdoors, able and willing to work in any weather condition?

We want to connect with you if you have:

- Previous work experience in horticulture, landscaping, or construction (minimum 2 year in landscape construction), and
- Experience in safely operating power tools and other heavy equipment
- Ready to apprentice as a red-seal (Apprenticeship opportunities!!)
- It would be an asset if you have:
Certification as a horticulturist

-Do you consider yourself passionate and creative, enjoy working with your hands and on your feet, have a keen eye for detail, taking pride in a job well done? Read on.

Are you interested in satisfying work that makes difference in this world, maximizing our clients' property and quality of life?

Here what our clients have to say about us:

<https://www.facebook.com/HigherGroundLandscapingandDesign/videos/3352869371422380/>

General duties include:

Assist in managing and training up to 5 technicians/labourers, with the Foreman, in the installation of landscape projects

Performing detailed work with precision, and bulk work with efficiency

Perform highly physical work on a consistent basis in all weather conditions

Landscape construction and installation, and some seasonal maintenance

Maintaining a safe and clean job site

Driving truck, and operating equipment. Note: You must have a valid driver's license with clean abstract, and confidence driving trucks

You will work under the lead of the Foreman or Ops Manager, and may be required to work independently or as part of a small crew. You will be trained in the use of all our equipment and tools over the course of your career, learning valuable skills.

Job Location:

Our sites are typically in Langley, Surrey, White Rock, Abbotsford, or Maple Ridge.

Compensation:

Hourly wage will be based on skill level, with a performance review after 3 months.

Eligible for medical benefits after 1 year.

Come and be part of a great crew and company culture, supportive working conditions, working with good equipment, and an opportunity for growth and certification!

If this sounds like you and you feel ready to take yourself to the next level, submit your resume and cover letter along with an introduction about yourself, outlining your favourite or wildest work experience to date and how you handled it.
