

Project Opportunity!!! Calling all member Designers – Design/ Build companies!!

Victoria Marriott Inner Harbour

The GM at the Victoria Marriott Inner Harbour where we stayed for the CNLA meetings has asked us for help re. the roof top terrace that they would like to re-do and make a garden/ wedding and other events venue. We had a look and took photos. Here is a siteplan, too.

Ian Jones, GM at the hotel, will need a design proposal, budget and installation, and can be contacted directly for more.

There is a patio area, raised gardens with irrigation, trees, shrubs and some infrastructure. The existing garden space needs redesign and renovation. He would like to keep the trees most likely, but some have root problems. The vents and infrastructure must stay, other items will and must be added. Railings over the drive-in (drop-off) e.g. will be needed and they are planning to open some of the glass windows as doors. At this point, they are looking for ideas and concepts, so that a budget can be developed, and the design can be implemented. This place has some potential but needs some help!

Please get in touch directly:

IAN JONES | GENERAL MANAGER
